*2002-2003 should verify suspension type

- Over six months and thousands of development miles result in superior ride quality for your Roadmaster™ chassis. Combined with the popular TRA-1003 trailing arm kit your R4R or RR4R coach will now have a completely new suspension.
- Kit contains new custom air-bags and proprietary “Custom Tuned” Bilstein™ shock absorbers as well as a "Ping tank" and all necessary mounting hardware and plumbing.
- Eliminate the porpoising, rough ride and "air-time" when driving over changes in pavement, experience the difference!
- Can only be installed on coaches with Source Engineering inc.™ trailing arms.
- Save time and money, and have the ultimate suspension upgraded with trailing arms on the same visit.
- Contact Source Engineering Inc.™ for more information or visit our web site for a dealer near you.
